## Who

The Academy for Counselling and Coaching is the specialist in courses for Counsellor and Coach. 70 (co)trainers and assistants are all dedicated to providing a solid education. With 2000 content students per year it is the biggest and most renowned institute of its kind.

## What

We offer recognised professional courses in Counselling and Coaching. The courses comprise 4 levels. After the basic training you can select from some 20 specialisations. Each level takes 5 to 10 months and is awarded with a diploma. If you have less time to study, you may take longer to complete. The training may be offered at normal tempo or in accelerated form. The time you need for study, training and practice will generally be between 6 to 12 hours a week. *All details of the courses can be found on the website: [www.counselling.nl](http://www.counselling.nl).*

## Where

The English-language International Diploma Course is offered in: **The Hague, Utrecht and Amsterdam**. The Dutch-language courses are offered in 30 cities. (See our website.)

## When

You can start on the theory at any moment. The practice trainings start around January and September. It may be possible to choose for Saturday, Sunday, weekday or evening.

## Why

Learn how you can counsel or coach other people in your own (future) practice, your current profession, as counsellor or coach in a paid position or as volunteer. You help people solve their problems and reach their goals or adjust better. It is challenging work, that can be very rewarding.

## How

The theory you study at home. What you have learned, you put into practice during the intensive practice trainings. For Level 1 that will be 10 days or 20 evenings spread out over 5 or 10 months. Between training days you get together with fellow students for extra practising. Besides the theory and practice trainings, you work on personal development via a topic of your choice. You get counselled or coached yourself and get supervision on your clientwork.

## How much

Because we are a 'not-for-profit' organisation, we can be 2 to 3 times less costly than similar courses. We offer the maximum attainable for a minimal price. This is because we save on expensive advertising, overhead costs and luxury packaging. *We go for quality and content.* (Prices do not include the required literature, price changes may occur. ## CoachAKid.nl

### Free for Kids

Gcoach.nl knows many professionals whose mission it is to help people solve their problems and reach their goals.

Some of these professionals would like to help you (Kid) for free, to realise your dreams. They offer some of their time free of charge because they would like to give something in return to the community.

You can change yourself  
And the world you live in

### Pay It Forward - Pass It On

Nothing is asked for this in return, except that we stipulate that the principle be passed on. So you in turn help 3 people for free and without personal gain. And those 3 people help another 3 people for free, so that after a while a lot of people are helped.

That does not have to happen at once, it can be later, in a week, month or year. The effect will, of course, be greater if it happens in a short while and more often.

Help someone realise  
his or her dream

### Referral

Pass our site [www.Gcoach.nl](http://www.Gcoach.nl) on to that Kid or help him or her to make an appointment via the site. **You can find quite a few professionals who speak English or other languages.**
