Attendance requirements

Students are required to attend at least 90% of classes to be able to receive a diploma. We expect you to be available on all dates on the class schedule and to follow the lessons in your own group. In principle, it is not allowed to catch up on a class day in another group, in order to guarantee group dynamics.

Only in very exceptional circumstances, mainly when the attendance requirement of 90% is compromised, can a lesson day be followed in another group. This is always in consultation with and at the discretion of the ACC.

Please note: attendance is mandatory for all classes of the three day introduction module, as well as for the last class day of the programme.
